

DRIVIN' BLIND

PUT YOUR BLINDERS ON!

About Drivin' Blind

When you are out there on the edge, the wind in your face and your eyes "wide shut" you are "Drivin Blind".... Our band is characterized as having a unique "Classic Rock/Jam Band" feel combined with a little "Funk" that makes our shows a little hard to characterize. Imagine "Little Feat" meets "The Neville Brothers" meets "Eric Clapton"... We play a wide range of ear catching music that is not your regular fare.

Drivin' Blind continues to draw sizeable crowds of locals as well as dedicated fans from all over the metropolitan area. The members were carefully selected and are all experienced Northern Virginia musicians with a loyal following.

Compared to established acts in the metro area, Drivin' Blind definitely has a unique style and sound. The band's spiced up versions of modern songs and established classic Rock-n-Roll standards make them a fresh and original sounding group that you and your patrons are sure to enjoy. You can count on Drivin' Blind to deliver a consistently entertaining show.

Drivin' Blind has performed at establishments in the DC Metropolitan area as well as specialty events and private parties. The band works hard for the crowd and strives to make the evening's entertainment special for everyone in the audience.

Drivin Blind is:

Joe Lamb (Guitar & Vocals) - from Chantilly Virginia, has over twenty years of performing experience. After years playing in original music and rock bands in Northern Virginia Joe joined Drivin' Blind and gives Drivin' Blind that rock and roll tone, funky edge and "Total Hair Experience".

Dave White (Bass Guitar & Lead Vocals) - from Cumberland Maryland, Dave is an accomplished bass and guitar player that has over twenty five years of performing experience. His early days touring with "Raven" and "Route 66" and his more recent involvement in several area rock bands make Dave a veteran musician and a real asset to the band.

Michael Nocolia (Drums) - from Virginia Beach, Virginia, Michael has over thirty years of musical and performing experience. After working in studios as well as on the road with rock, oldies, beach music, jazz and blues bands, Michael formed the group Drivin' Blind with Bruce Blumberg and Patrick Higgins (1999) - the rest as they say is history.

Erik Richardson (Piano/Keyboards, Guitar, Fiddle & Vocals) - from Rochester New York, has over thirty years of performing experience most. Erik relocated to the DC Metropolitan area and joined Drivin' Blind to fill out the middle, add a certain sense of humor to the front line.
